

Mini-Mold™

Light cure your own aesthetic attachments in seconds!

Simple 2-Step Technique

STEP 1 Fill the selected Mini-Mold Tip with light cure resin.

STEP 2 Place the Mini-Mold Tip on desired tooth and light cure.

- Invisible aesthetic attachments
- As fast as 10-second cure time
- Saves chair time and money
- Safe for sensitive patients

Just fill the tip, place on tooth, and cure.
In as little as 10 seconds the Mini-Mold Tip precisely casts a light-cured resin attachment.
